

It's not business as usual, but it's getting closer.

Updated 7-10-20

As we continue providing **ACCESS TO CARE**, please do not neglect your health, particularly if you suffer from a chronic condition. We are taking special precautions and have implemented safety protocols at all our facilities, including our 19 satellite clinics:

- ▶ Our front entrance is now open Monday thru Friday from 7:00 a.m. to 4:00 p.m. During evenings and weekends, entry is still restricted to the Outpatient Clinic I entrance adjacent to the Emergency Room.
- ▶ We are providing a mask for anyone entering our facilities who does not have one.
- ▶ **ALL** CRMC services are available, including Home Health & Comfort Care Hospice.
- ▶ Drive-thru testing for COVID-19 is readily available at the south end of our campus with a provider order. If you do not have a provider order, we will arrange a Telehealth visit in order to obtain one. Testing is available Monday thru Friday, 1:00 - 4:00 p.m., and results are *normally* back within 48 - 96 hours. Please call the CRMC CARE Line to arrange testing specifics: (816) 649-3333.
- ▶ All CRMC staff members are wearing personal protective equipment.
- ▶ All surgery patients are being tested for COVID-19 pre-operatively.
- ▶ Disinfecting/deep cleaning has always been a priority at CRMC and always will be.

CRMC Care Line
